DISTRIBUTION OF FOREIGN STUDENTS BY COUNTRY OF ORIGIN DURING RECENT YEARS

An attempt has been made by the Institute in compiling these figures to include only bona fide foreign students, excluding the large number of students of foreign birth who are citizens or have taken out first citizenship papers. Displaced Persons and United States citizens from American territories and possessions are also omitted. However, in the figures for the years 1936-37 students born in the United States of oriental parentage are included.

Figures for the years 1923-1947 have been taken from the publication entitled *Unofficial Ambassadors* published by The Committee on Friendly Relations Among Foreign Students.
